

2 August 2007

Dear Resident / Business Owner

SOUTH ROAD UPGRADE /ANZAC HIGHWAY UNDERPASS PROJECT- BROWN HILL CREEK WORKS

I wish to advise you that works associated with the upgrade of the Brown Hill Creek culvert is expected to start week commencing Monday 6 August 2007 on the western side of South Road between Basnett Street and Garfield Avenue, Kurralta Park.

General earthworks, including excavation and piling will take place in an area of approximately 50 metres within the creek corridor, from South Road.

Residents whose property boundaries face onto the creek where works are occurring can expect to see some excavation equipment and general construction activity in this location over the next 3 months while Stage 1 works are in progress. Water from the creek will be diverted to allow for the construction of the additional culvert to take place.

No traffic diversions or major traffic impacts will occur as a result of these works occurring and the significant tree in this location will be maintained.

Works will occur during day time hours and construction activities monitored to ensure impacts on local residents are minimised.

If you have any enquiries or would like further information, please contact the Project Enquiry Line on 1800 334 439 or visit the website www.adelaideconnect.com.au.

Yours sincerely

Paul Teakle
Project Manager
