

CITY OF WEST TORRENS TRAFFIC VOLUME INFORMATION OVER A 24 HOUR PERIOD

The data below shows the results of a traffic volume count collected by the City of West Torrens over a 24 hour period on the days shown. These figures should not be taken as indicative of 'Annual Average Daily Traffic' and volumes would expect to vary over weekends and across the year. These figures will vary over time as the local road restrictions currently in place for the South Road Upgrade Anzac Highway Underpass project are removed.
